Donation Request

Dear friends and followers of Tokyo Camii,
Ramadan Mubarak. We always thank you for your kind support to date.

We all go through hard times due to the COVID-19 virus, which affects the whole world. That's why we could not organize iftar dinner and perform tarawih together. Living under these circumstances reminds us -once again- that we are always in each other's hearts and that we should support each other. Unity means sharing the same emotions, not the same environment. We need to support each other more to experience sisterhood and brotherhood during Ramadan.

As you know, Tokyo Camii is the representative of Islam, the religion of peace and fraternity, and offers the best examples of arts & cultures of Islamic civilization. We need your support more than ever to sustain for many years to come. To contribute to Tokyo Camii, which is the common cultural heritage of humanity, we would like you to support us through the donation link by visiting our page: <https://tokyocamii.org/donation/>
